INFORMATION:

Most sadly we remember Bruce Mitchell and all his contributions and friendship he brought to our club and Aviation. Here is the link to his obituary

<https://www.paulcrogers.com/obituaries/bruce-mitchell>

The club was represented at Bruce Mitchells service.

Field looks great, sun shelter is up, we are working on improving the safety gates. Ron St. Germain and Joe Laflamme did a great welding repair to the Husqarna Tractor

We are looking for volunteers to mow the field.

New Business:

Activities for 2026.

Christmas Party?

Outreach Programs?

Club Auction?

Club "Fly-in" events?

Club Annual Picnic?

The discussion centered around if, when and support were brought up. The general feelings of those present were based on the current membership, "What activities we could support".

In general it was felt that the Christmas Party had not been held for a few years now and that there didn't seem to be a desire to have one this year. Past outreach programs like Amesbury Days and the presentation that was given at River Woods last year were discussed. Though there some interest generated, nothing resulted form this activities and should not be pursued again this year. Amesbury has a fairly active "Parks" program for the local residents, especially school children on vacation and that maybe there could be some possibilities there we could explore. Ron will look if and what we might be able to do and if the "Park" people thing it's something that would support. We did not have a club auction last year. Between expenses and the revenue generated it was more work that it was worth.

Club Fly-ins were discussed as a possibility. We had one last year during our picnic and several members from surrounding clubs came and had a good time and that we should look into maybe having more this year. There are a number of clubs locally and maybe the clubs could get together and come up with rotating events between the local clubs.

The Annual picnic was discussed. Last Year event was fairly well attended but not like in past years. Having a Fly-in" during the picnic was a PLUS, but it was questioned if we should have on this year or not based on the current membership numbers.

Based on the above Mike was given an action to generate a survey of club members to determine the the level of interest in having any of this activities this year.
